Certificate II in Applied Fashion Design and Technology

This brochure contains a summary of parts of the VCAA publication “VCE VET - Applied Fashion Design and Technology”. It should be read in conjunction with that publication and the current accredited training curriculum.

Aims
This course aims to provide participants with the knowledge and skills to achieve competencies that will enhance their employment prospects in the clothing or clothing related industries.
It also aims to enable participants to gain a recognized credential and make a more informed choice of vocation and career paths.
