

Primary (MP & SP) Student ICT Use Agreement

I understand that the use of the computer facilities and network is a privilege and not a right. I should use these facilities in the proper ways. I understand that the teachers will supervise and monitor the computer and Internet use.

When using the school computer network, I will:

1. Have my teacher's permission to use a computer.
2. Only do school work that my teacher gave permission to do.
3. Inform a teacher straight away if a bad or inappropriate website comes up that makes me uncomfortable or I know I should not be looking at.
4. Not actively seek out rude or offensive material or websites.
5. Not give my password to anyone.
6. Not use anyone else's password or username or allow them to logon for me.
7. Tell a teacher if I think that another student knows my password.
8. Not give out personal information about myself or others.
9. Respect others and not use the computers or Internet to say mean or rude things about them.
10. Respect others and always get permission before taking, using or publishing photos or videos of them.
11. Not download or print material unless it is necessary and connected to my school work.
12. Not try to buy or sell things over the Internet.
13. Respect the work of others and not break copyright rules.
14. Not take any computer software from the school or try to load or run my own.
15. Not spoil the computers by misuse, damage or changing the way they are set up.
