Dear Parents of Middle Primary Students

Our Art program this semester will focus around the practical re-purposing of waste products, some of which usually ends up in landfill. We will be investigating the positive changes we can make for our environment when less rubbish goes to landfill as well as observing change in action through re-purposing.

In order to carry out these re-purposing projects, we are asking for assistance in collecting the following items:

- egg cartons
- chip / crisp packets
- muesli bar wrappers
- old unwanted pencils and crayons (any shape and size)

We ask that you please bring these items to school before Tuesday the 1st of March.

We would also like to request that you collect 2 litre clear milk cartons for a very exciting Term 2 project. Please bring in as many of these milk cartons as you can this term.

Thank you for your assistance with these exciting initiatives. We look forward to sharing our re-purposing projects with you in the near future!
