

Grandparents and Special Friends Day - POSTPONED

March 2, 2017

Dear MECS Primary Families,

One of the highlights of the MECS calendar is the Grandparents and Special Friends Day.

You will have read in the newsletter last week that we have postponed this event until later in the year when we are confident that we can provide a safe environment for all our visitors.

With some of our car parking not available at the moment, and the fact that we are not able to park cars on the oval until our new turf has settled down, we thought it best to wait until later in the year.

Once we have locked in the date we will let you know so you can let your Grandparents and Special Friends know about the date and put it in your calendars.

Thanks for your understanding about the need to change the date.

Blessings,

MECS Administration
