

# BUSHFIRE RESPONSE 2017

## QUICK REFERENCE

PLEASE KEEP THIS IN A SAFE AND ACCESSIBLE PLACE

Details of the situation and updates will be provided to parents via SMS and email, and will be available on the website.

**Regular updates will also be provided to the Emergency Parent Contacts.** Emergency Parent Contact numbers are listed below. Please contact these parents for updates instead of contacting the school.

**Please DO NOT contact your child directly to make arrangements** or come to school to collect your child, **unless you have been notified directly by the school to do so.** This will cause traffic chaos and may hamper our ability to safely keep an account of all students. Any student leaving the school **must** be signed out at the office.

In summary, the school will respond as follows:

WARNING	RESPONSE
<b>Extremely Short Notice</b> – less than 15 minutes (fire source in immediate school vicinity)	Students will remain in classrooms and will follow procedures to minimise exposure.
<b>Reasonable Warning Time</b> – 15 minutes plus	Students will be relocated to onsite Bushfire Shelters.
<b>Long Warning Time</b> – greater than 2 hours	Students will be relocated to onsite Bushfire Shelters and then evacuated offsite if required.
