Dear Parents,

Re: Transition into Prep 2014

As the start to our Orientation Program for transitioning into Prep, the kinder children will be having a visit from the current Prep teachers. This is something we have done for many years at MECS, and is usually a very exciting and special event for the children. The visit provides the opportunity for the Prep teachers to meet with the children and see them interact in their own environment.

During the visit, each child will spend some one on one time with one of the teachers, as a way of getting to know each other.

On Thursday 5 September 2013 (during the afternoon) and Thursday 12 September 2013, Rebekah Clark will be visiting the Koalas group. On Tuesday 10 September 2013, Jan Ormrod will visit the Possums. Although your child may not end up being taught next year by the teacher they meet with, the Orientation program allows the children to get to know both teachers, so that they will be familiar with all the staff.

Please chat at home with your child about this visit, as we will be doing at Kinder. This is a positive and exciting part of transitioning to Prep!
