Term 1 Active After-school Communities (AASC) program activities begins on 11 February 2013 at Mount Evelyn Christian School.

The activities will be run on Monday and Thursday afternoons from 3:45pm to 4:45pm over seven weeks.

Enjoy a FULL HOUR of fun sport and games

To ensure children have the opportunity to fully benefit from these free sport and structured physical activity sessions, we ask that parents wait until the completion of the sessions to pick up their children. Their full attendance assists in the smooth running of the program for other participants and the program coaches and ensure children get the most out of every session.

About the AASC program

The Australian Sports Commission’s AASC program is an Australian Government initiative that provides primary school children with a positive and fun introduction to sport and other structured physical activities, and motivates children to be active for life.

This is achieved through the Playing for Life philosophy, which is based on the game sense approach to coaching. The AASC program has adopted this philosophy as it creates a fun, safe and inclusive environment in the introduction to sport and other physical activities.

Each session is designed to give children the opportunity to develop their motor skills, self-confidence and self-esteem to a level where they can make the transition into community sport. It also promotes a healthy lifestyle with a nutritious snack provided at each session.

We look forward to your cooperation in allowing your child to participate for the full duration of AASC programs in order to gain the benefits from each session.
