

# MECS School Fees - 2025

The 2025 Fee Schedule is outlined below. We recognise that individual financial situations vary, so MECS/Ranges TEC offers a number of fee payment options to parents. To help manage these options and to make the fee payment process more secure, MECS/Ranges TEC uses a system called FACTS Tuition Management (FACTS) through which parents can set up payment plans. FACTS offers an online portal for you to manage your school fee account at any point in time. Online registration is required to maximise security of your information. Early in 2025 you will receive an email with the necessary link to create your FACTS account. This is how you will receive your invoice and choose your payment method. Note if you are a continuing parent who is already registered with FACTS then you will not need to register again.

At the start of the school year, you will receive from FACTS a fee invoice for the full amount you owe for the coming year together with your carried forward balance, if any, from prior years. Those who start later in the year will receive their first fee invoice from FACTS soon after they commence. It will show the fees for the remainder of that year.

All fees should be paid in full by 30th November of that year, accordingly, you should pay at least 10% each month.

## Kindergarten

3 Year Old Kinder	Free
4 Year Old Kinder	Free
